Welcome to North Bay

North Bay is a diverse community that offers a perfect blend of opportunity and easy living. With a population of 51,553 and a trading area of 112,000 people, North Bay offers economic advantages with easy access to larger Canadian and U.S. markets. North Bay is located three hours north of Toronto, Ontario and three-and-a-half hours west of the nation’s capital, Ottawa, Ontario.

North Bay’s diverse business community, abundant amenities, and progressive opportunities for growth make the City an ideal place for investment.
Economic Development Department

The Economic Development Department assists existing businesses, prospective investors, and community partners with business and community development projects.

- Site searches and tours;
- Sale/lease of municipally-owned land;
- Market analysis;
- Public funding application and financial structuring assistance;
- Film/TV Division administration;
- Business retention and expansion assistance;
- Export initiatives support; and
- Liaise with Provincial and Federal governments to support business and facilitate market development and trade opportunities.

Together with The Business Centre Nipissing Parry Sound Inc., (part of the Regional Small Business Enterprise Centre Network), the Economic Development Office provides additional guidance and support related to small business needs.

The City’s Development Application Review Team (DART) reviews all development applications and Site Plan Control Agreements to ensure that projects move forward quickly and adhere to project deadlines.
Strategic Location

North Bay’s diverse local economy is supported by vibrant business and industry sectors. With a strong balance of commercial, industrial, and institutional operations, North Bay continues to grow by encouraging local expansions and attracting new compatible companies.

Economic growth in North Bay is linked to the city’s close proximity to markets for both manufactured goods and the raw materials needed to produce them. Centrally located, North Bay is at the crossroads for road, air, rail and fibre optic routes. This provides a link to the north, south, east and west for transportation and communication activities.

There are five pillars of business practice that generally characterize successful firms in North Bay. These pillars allow them to maintain a competitive position in the marketplace and include creating products and services that are:

- Highly engineered;
- Low volume;
- High margin;
- Highly diversified by sector; and
- Have a global mandate.

CONSTRUCTION & ADVANCED MANUFACTURING

The construction and manufacturing industries in North Bay are highly diversified. North Bay’s full range of construction capabilities encompasses design build/support services with teams of qualified architects, designers, engineers, contractors, fabricators, and builders who specialize in industrial, commercial, civil, and residential projects. North Bay has implemented a successful strategy for these sectors based on attracting and retaining a broad spectrum of complementary companies that engineer products for the global market. A diverse variety of products are manufactured in North Bay, ranging from the world’s first fuel-cell to power a locomotive, to construction consumables, drill rigs, pedal boats, servo-writers, and more.

A diverse variety of products are manufactured in North Bay, including the world’s first fuel-cell to power a locomotive.
EDUCATION

North Bay is the proud home of Nipissing University and Canadore College. With an enrollment of nearly 7,000 full- and part-time students, Nipissing University and Canadore College are among North Bay’s largest employers. The City is also serviced by a range of private colleges, training institutions, vocational schools, and four school boards.

In addition to providing education to today’s youth, the four school boards offer continuing education services to the area’s adult population. Private training institutions offer courses in a number of different disciplines.

Nipissing University and Canadore College, co-located with main campus facilities on a pristine 700 acre/283 hectare site on the escarpment, are leading economic engines for North Bay and region. Their estimated economic impact on the community is nearly $300 million annually. This relationship is entirely unique in the Canadian post-secondary sector and works to strengthen each institution respectively.

Canadore College’s $12.5 million airside School of Aviation Technology provides students with a full range of leading edge Aerospace/Aviation Education, Transportation, and Logistics Management programs in a state-of-the-art facility. As a result, Canadore College provides a well-trained and educated aviation industry workforce for the related businesses in the region.

Canadore College’s Trades and Technology campus houses the Innovation Center for Advanced Manufacturing and Production, consisting of 13,300 sq.ft of industrial laboratory space and design space.

The Advanced Composite Fabrication Report and Test Centre (ARC-TC) provides industry with access to leading composites technologies and consulting services to assist them with innovative and cost-effective research and development.

Canadore College’s Post Production Facility features a specialized post production theatre featuring Dolby Atmos® sound mixing capabilities, recording, dialogue replacement, and studio-grade colour correction and a 24-seat computer lab.
